## QUAD ZONE HEATED GRIP KIT

PART #	DESCRIPTION
SYM 210048	QUAD ZONE ATV KIT WITH GLUE ON HEATED GRIPS
SYM 210050	QUAD ZONE ATV KIT WITH PUSH ON HEATED GRIPS

Our innovative design let's you control the amount of heat you desire with a quad-zone heat control unit and LEDs with adjustable intensity for day or night operation. The control unit has multiple mounting options and will shut off automatically after two hours to save your battery life. With quad-zone temperature control - you can add a heated seat, heated vest, or heated boot insole-inserts, available separately.

- ◇ Two heated grips - choose push-on or glue-on style
- ◇ Quad-Zone Controller - select thumb and grip heat levels separately with additional zones for heated seat, vest, or insole heaters, available separately
- ◇ Power level memory
- ◇ Microprocessor and thermister feedback loop keeps the grip heat at your desired level regardless of voltage variation or ambient conditions
- ◇ Maximum 40 Watts (20 Watts per grip) at 14 Volts
- ◇ Fast warm-up
- ◇ Easy to install
- ◇ All necessary hardware and wiring is included

## QUAD ZONE HEATED GRIP KIT
