

## GOX EKS GOGGLES

### FRAME

A lightweight, "urethane blend" frame has a firm yet pliable feel for the ultimate in comfort and protection. The material known as "poly-flex" allows the frame to form much easier to different face shapes.

The "GOX" frame is equipped with the highest quality, Polycarbonate, shatter resistant anti-scratch & anti-fog coated lens available. It has 100% UVA protection and it is the leader in lens attributes and function.

### LENS

Tear off posts are integrated into the Polycarbonate, hard coat lenses for ease of use and function.

### FOAM

100-PPI "reticulated" vent foam allows the ultimate in airflow while keeping the dust and debris out. This special vent foam is designed to allow moisture and condensation to escape freely.

17mm thick, 4-layer face-foam is backed with a moisture wicking fleece lining providing the best anti drip, sweat protection available.

### ASST.

An adjustable, double buckle woven strap is silicone backed for the ultimate in strap placement and hold.

"Anti static" smudge resistant goggle bag comes standard in every box.

## GOX "FADE" SERIES

For 2015 we're introducing our freshest styles yet, as well as bringing back our most popular lines. Check out our new Fade "Phantom" and "Volcano" models ; our hottest models to date. We are very excited to bring these new styles to you!
