POLARIS RZR SYSTEM KITS

BOSS Audio Systems Powersports has created a powerful plug and play five speaker solution for Polaris RZR's that deliver incredible sound, value and easier installation. Our new BPRZR5 kit includes a 5" touchscreen backup camera ready gauge radio, 2 powered 6.5" front speaker pods, 2 6.5" powered rear speaker pods, one 10" powered subwoofer enclosure all in an easy to install plug and play system. Integrating the amplifiers into the speaker pods and subwoofer enclosure eliminates the need for mounting an external amplifier. The BPRZR5 is pre-tuned and all connections are truly plug-n-play allowing users to skip the long install and get right to what matters, the ride.

IPX6 RATED PLUG-N-PLAY POLARIS RZR AUDIO SOLUTION

FEATURES 4 6.5" FULL RANGE SPEAKERS AND 1 10" SUBWOOFER

100% direct fit Plug-n-Play Polaris RZR audio solution with no drilling or cutting required.

Includes MGV550B 5" Weatherproof full color touch screen multimedia center with AM/FM, Bluetooth® and dual video/camera inputs.

Media center mounting kit places all audio controls in factory lower pocket (2014-2018) or factory upper (2019+) storage area for a full factory look and easy access.

Internally amplified 6.5" factory style front kick panels with pre-installed 2-way powersports rated speakers.

Internally amplified 6.5" Power Pods with pre-installed 2-way powersports rated speakers and 1.75" double strap clamps for easy installation on factory and most aftermarket roll cages.

Internally Amplified 10" ported direct fit subwoofer enclosure replaces the factory glovebox.

Direct fit Plug-n-Play wiring harness for the industry's easiest installation.

Fits all 2014-2019 Polaris RZR 900, 1000 and Turbo 2 or 4-Seater models.

*Not compatible with Polaris Ride Command or vehicles equipped with a heater.

The BPS4B Bluetooth® Amplifier allows your device to be played wirelessly without a head unit. Simply pair and wirelessly stream music directly to the amplifier or use the Aux-In for additional devices. The BPS4B's compact size allows you to install the unit anywhere and in any application that has a 12 volt electrical system. The BPS4B Multi-function Control or "MFC" is a remote control for the amplifier and all sources (Bluetooth®, Aux-In). It functions as a source, volume, track, pairing and On/Off control.
